
Admissions

The admission process at the Faculty of Humanities consists of **two main steps** :

Completing admission requirements specific to your chosen program(s)

This can mean successful completion of an entrance exam or submission of relevant documents. For admission requirements, please visit the program pages.

- **Providing proof of previous study**

All programs require that you submit a certificate of previous studies. This means that you have to provide your high school diploma if you are applying to our Bachelor's program, or your Bachelor's degree if you want to apply to one of our Master's programs. The same logic applies to all Doctoral programs as well.

Due to the rector's directive No. 5/2024, persons who have been granted temporary protection in the Czech Republic pursuant to Act No. 65/2022 Coll. due to the ongoing armed conflict in the territory of Ukraine caused by the invasion of armies of the Russian Federation are exempt from the fee for admission procedures.

If you meet this condition, visit the Student Administration Office during office hours with a document that proves that you are under temporary protection; you have to do so by the 27th of February or 27th of March (depending on your application's deadline). If you have already paid the application fee, you are eligible for a refund by filling out a form at the Student Administration Office. You are also eligible for a fee waiver in case of requesting recognition of foreign education at the faculty (only until 31st August, 2025).

Recognition of Previous Study If you completed your previous studies outside of the Czech Republic, your diploma needs to go through a process of recognition or nostrification. This step can be done later in the admission process in case you haven't received your diploma by the time of the application deadline.

There are several ways how to get your diploma recognized:

You can find out more about these processes on our webpage, [Recognition of Foreign Diplomas and Degrees](#) .

The **deadline** for submitting your diploma is **September 30, 2025**. This date is the **enrolment deadline** for all students wishing to study in the academic year 2025/2026. Please, note that before submitting your foreign education diploma it needs to have gone through the abovementioned process of recognition or nostrification.

The **extended deadline**, by which you **must successfully complete all admission requirements** in order to be enrolled in the academic year, is **October 22, 2025**. This deadline is *intended for students who are still going through the process of recognition/nostrification* at the time of the first enrollment deadline.
