
Arrival - COVID-19

As an incoming student, you will most likely face some restrictions during your travel to Prague. These travel restrictions are based on the country of your origin, i.e. the country from which you are travelling – in the Czech Republic, countries are classified based on their level of risk into green (low risk), orange (medium risk), red (high risk), dark red (very high risk), and black (extreme risk).

The [Ministry of Health](#) issues a [list of countries according to the level of risk](#) each week (usually on Monday). Please, make sure to check this list shortly before you start your trip to Prague so that you are aware of any restrictions or requirements and whether the risk assessment has been changed in your case.

For rules regarding entering the territory of the Czech Republic and quarantine measures, follow the website of the [Ministry of Interior](#) .

[Updated list of countries according the level of risk can be found here.](#)
