## Štěpánka Navrátilová Candidate n. 6

## Hii!

My name is Štěpánka Navrátilová and I'm running for the Academic Senate FHS

## Who am I?

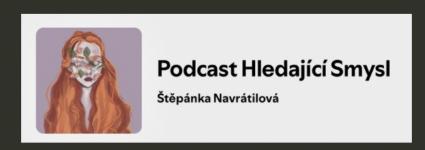

- student of the 3rd year bachelor's degree
- author of the Podcast Hledající Smysl
- active member of Humr magazine

## What am I interested in?

- safe space for all students
- free expression and space for discussion
- transparency about faculty changes
- easy accessibility to information about studies
- space for creative student projects
- collaboration between study programmes

I have heard and understood a variety of student attitudes and opinions. As much as I want to give a voice to the students, I want to give a transparent voice to the senate

Everyone should have a ginger - and so should the Academic Senate!
