# Library

---

According to the Rector's Directive 4/2025, the students with specific needs who register in the CU Library are automatically assigned *category 04 – student SP*. This category applies to students at all levels of study at CU (Bc., Mgr., Ph.D.) who have been assigned a specific needs attribute in SIS and have signed an informed consent regarding the services provided to them at CU.

The granting of this category allows the provision of the following services:

- The loan period of a regular loan is extended to 60 days with the possibility of extension up to 6 months.
- Option of specific borrowing for 1 year by arrangement at the FHS Library – please apply by e-mail to [knihovna@fhs.cuni.cz](mailto:knihovna@fhs.cuni.cz)
- Provision of advice on securing study literature including familiarisation with possible technologies (acoustic output).
- Free printing, and copying in the FHS Library – a free copying/printing card is available at the library counter.

In the context of the last point, we would like to ask you to take a conscious approach to the amount of printed material in line with sustainable behaviour .
