
Getting Up To Speed in Prague

Just arrived in Prague?

Have you just arrived to Prague and feel a bit worried? This section is designed to help you to get around. Here you will find tips how to get your student card, public transportation card, etc., as well as answers to the frequently asked questions by your colleagues. Hope it helps!

How to get a student card (ISIC)

Your student card is the first requirement for proper functioning both at the Faculty and University. So one of the first things to do is to get an ISIC card. The card bears your photo, name, and most of all - your student ID number which **you need to be able to log in to the Student Information System (SIS) to be able to enrol into courses and exams.**

Once you are officially enrolled at Charles University, you can pick up your card from any of [the CU card service centres](#) . Please, do not forget to bring your ID card with you to prove your identity, otherwise you will not be issued a student card.

The student card serves as evidence of the holder's relation to Charles University. CU Student Cards are issued at the [CU Point](#) and other [Card Issue Centres](#) . Office hours can be found here. Please, do not forget to bring your **ID card** with you.

Not only can you benefit from student discounts all over the world, but it also helps you access Charles University libraries (ISIC thus functions as a **library card**) and serves as a proof that you indeed are a student in order to get a student discount for the public transport in Prague.

The CU Student Card allows you to:

- use it as a **Travel Pass** with a 30-day, monthly or 90-day season ticket (a paper voucher sold by the Prague Public Transport Company to be used with the ID card) for [Prague Public Transport](#) . The student discount applies only to students who have not reached the age of 26. For more information on CU Student Cards in Prague's public transport system see this [webpage](#) .
- log in to the [Student Information System \(SIS\)](#).
- access CU facilities/services (internet, computer labs, library, copying / printing etc.).
- order lunch at any [CU cafeteria](#) .

For more info on the types of student cards, please see the [CU ID Cards page](#) .

How to get a public transportation card (Lítačka)

The website of Prague public transportation company is fairly clear and well-arranged, all the information is to be found [there](#) .

Just to sum it up, first you create your account at the website, fill an online application and either opt for collecting the card at the public transportation company office in the city centre or have it delivered to your home for a small fee.

The registration page: <https://pidlitacka.cz/en/sign-up>

The student card/ISIC card should be sufficient for you to get a student discount.

Where will my classes be taught?

All the classes are taught within the building of the Faculty of Humanities in Trója, Pátková 2137/5, 182 00.

The Gender Studies classes are taught in the room 2.41 and 2.42, next to the GS program offices (2.40 and 2.39).

Is there a library nearby?

If you are looking for a quiet space to sit down and do some reading, try the [Faculty's library](#) . Staff members are very friendly and speak English.

Charles University, however, has many more [libraries](#) scattered all around Prague and you can use all of them - all you need is your student card. [The Municipal Library of Prague](#) also has a vast net of libraries and you can get access to its books for a small yearly fee.

We also recommend you have a look at the study room of the [National Library of Technology](#) which is much fancied by students coming from all areas of science and other disciplines. The library and its study rooms are in Dejvice, which is pretty far away from the faculty building, but might be close to your accommodation.
