# Admissions

---

The admission process at the Faculty of Humanities consists of **two main steps** :

**Completing admission requirements specific to your chosen program(s)**

This can mean successful completion of an entrance exam or submission of relevant documents. For admission requirements, please visit the [program pages](#) .

- **Providing proof of previous study**

All programs require that you submit a certificate of previous studies. This means that you have to provide your high school diploma if you are applying to our Bachelor's program, or your Bachelor's degree if you want to apply to one of our Master's programs. The same logic applies to all Doctoral programs as well.

## How to Apply

Choose a program

You can choose from our selection of [Bachelor's](#) , [Master's](#) , and [Doctoral](#) programs. By clicking on the links available at the bottom of this page, you can find out more about the specific admission requirements for your chosen program(s) and additional documents you need to attach to your application.

Start your admission application

You can submit your application [online via our Admissions portal](#) . You can find direct links to specific applications on the [relevant program pages](#) .

Applications are accepted on a rolling basis **starting from November 1** and ending by specified deadlines.

Pay the application fee

Details regarding the payment of the application fee will be provided to you at the end of your application form. If you are struggling, you can find more information on [Payment Information](#) page.

In case you are submitting more than one application it is necessary to pay the application fee for each one.

Submit your application

After you have completed the abovementioned steps, you can officially submit it for processing. **Please, be aware that specific study programmes may have different admission requirements!**

You can find more information about admission requirements on the pages of our [Bachelor's](#) , [Master's](#) , and [Doctoral](#) programmes.

Recognition of Previous StudyIf you completed your previous studies outside of the Czech Republic, your diploma needs to go through a process of recognition or nostrification. This step can be done later in the admission process in case you haven't received your diploma by the time of application submission.

There are several ways how to get your diploma recognized:

You can find out more about these proceses on our webpage, [Recognition of Foreign Diplomas and Degrees](#) .

The **deadline** for submitting your diploma is **September 30, 2024**. This date is the **enrolment deadline** for all students wishing to study in the academic year 2024/2025. Please, note that before submitting your foreign education diploma it needs to have gone through the abovementioned process of recognition or nostrification.

The **extended deadline**, by which you **must succesfully complete all admission requirements** in order to be enrolled in the academic year, is **October 22, 2024**. This deadline is *intended for students who are still going through the process of recognition/nostrification* at the time of the first enrollment deadline. *Please, keep in mind that the academic year starts on October 1.*

## Tuition Fees
