# Open Days

---

Dear applicants and prospective students,

each year in January, we like to welcome our applicants to an Open Day at our Faculty. The goal of this event is to familiarise our applicants and future students with the Faculty itself as well as give them the opportunity to meet teachers, tutors, and our colleagues from the Student Administration Office and get detailed information about the Bachelor's, Master's and Doctoral programmes taught at the Faculty. Unfortunately, we are unable to organise this in-person event this year due to epidemiological measures currently in place in the Czech Republic.

In place of our traditional event, we are organising **"Open Days" - online Zoom events for applicants and prospective students** who would like to learn more about the entire application process from starting the application to enrolment.

To take part in our Open Days, we ask you to fill out **a simple registration form** so that we can notify you in advance and send you the event link. The Zoom link will also be posted on this page shortly before the event for anyone who would like to take part but has not managed to fill out the registration form.

The events will be targeted toward all of our BA and MA applicants. Everyone is welcome!
