
Examples of Informed Consents

Here you can find examples of written informed consent and instructions on what informed consent should contain within each specific research area.

Modification of said examples for specific research is necessary.

[Informed Consent \(general example\)](#)

[Informed Consent for children participants](#)

[Informed Consent for participants with mental health disabilities](#)

[Informed Consent for questionnaire survey](#)

[Informed Consent for an interview](#)

[Informed Consent for anthropology and sociology](#)
